Company History

John Wight grew up in Oswego NY, the son of a chicken farmer. His father owned Wight's White Eggs and taught John early to "Give value to your customers and they will come back for more." The principles of hard work, honesty and customer service are the foundation for John's amazing success. John opened Gypsum Wholesalers in 1973 with a pickup truck and borrowed trailer. By 1982 his building supply business was growing faster than suppliers could service - so Gypsum Express was started with a single tractor and a flatbed trailer. John's love for trucks and his determination to take control of the transportation needs of Gypsum Wholesalers lead to the incorporation of Gypsum Express Ltd in 1985.

"I am dedicated to the success of Gypsum Express and you may see me driving my tractor pulling doubles along the NYS Thruway or delivering the first load to a new customer."

John Wight
President/Owner
