

WERNER WELCOME *Experience*

New drivers attend orientation to learn about the company through our Werner Welcome Experience. The Werner Welcome Experience covers what to expect within the first 48 hours after hire, what to expect when arriving at a terminal and where to go for assistance with specific needs. New drivers are paired with a certified trainer through the onboarding process and will be paid \$550 per week.

Driver Support Representatives

The driver support representatives will make sure all professional drivers have a successful onboarding experience. The liaison welcomes you at your morning motel meeting and communicates with you throughout the day. The liaison also approves advances, assists with travel and motel arrangements and ultimately makes sure all your questions are answered.

Driver Placement

Our Driver Placement team assists with assignments and works closely with fleet and dedicated managers to place drivers. We work hard to ensure you are placed in the appropriate position to meet your home time and income needs.
